

June,2008

To whom it may concern,

It is with great satisfaction for a job well done that I write this letter of recommendation for Myles Kaluzna of College Works Painting.

Although he was dealing with impossible weather, he always came to my home with a very professional manner and a big smile on his face. He made sure I was content with every detail of the painting project, and faithfully cleaned up all his equipment after each day of work.

I have absolutely no reservations in highly recommending Myles and his crew for any painting job you may have.

Sincerely,

Josephine Elias
